Brisas del Mar - Modern Elegance Meets Natural Beauty
Perched on a flat plateau 1,000 feet above sea level, this stunning new construction offers breathtaking panoramic views of both the Pacific Ocean and the surrounding mountains. Designed as a single-level, open-concept retreat, every room is thoughtfully oriented to maximize the ocean vistas and welcome in the cooling sea breeze. Step into a meticulously curated living space where sophistication meets functionality. The designer kitchen is a true showpiece, featuring sleek quartz countertops with a waterfall island, premium appliances—including a built-in under-counter ice maker—and a dedicated beverage and coffee bar. Pendant lighting, elegant accent walls, luxurious bar stools, and a leather sectional elevate the space, making it both inviting and stylish. The living room centers around a dramatic feature wall with a hidden door leading into the primary suite—a private sanctuary of comfort and design.
