The moment you step through Cielo's entry courtyard, which is filled with colourful bougainvillea, banana, and palm trees, you will understand why this villa is named after all the romance languages of 'Heaven' – it is an absolute paradise.

Cielo Villa is a five-bedroom five-bathroom home that sits on 2 acres of hilltop land in desirable Luck Hill; it went under renovation in 2019 and is perfectly suited for families of any size. The living and sleeping pavilions are nestled into lush gardens and Saltillo tile paths and patios. The entire compound is professionally designed with organic materials and colours to blend into its hillside setting. The spacious open-air living room, custom chef's kitchen, and shaded lounging area are all situated beside Cielo's sparkling pool. The large sunny patio focuses the eye on the breathtaking ocean and mountain views. Cielo's five secluded bedroom suites: Ocean View Suite, Garden Suite, Pool Terrace Suite, Cielo Cottage, and Tortola Suite are unique, with en suite bathrooms and peaceful outdoor sitting areas attached.
