East End

Listing ID: 20001986183

A fantastic opportunity to acquire a profitable income-generating multi-unit development has occurred. This four-unit modern building in Havers Hill features a contemporary design with unparalleled and striking views of the Caribbean Sea. The development comprises four apartments between two stories at just under 9000 sq ft, all built and renovated to the latest building standard and have track records of long and short term rental revenue. On the upper floor, the over 3000 sq ft main residence offers an open plan living, dining, and kitchen area and a home office suited for the most discerning executive. Toward the West is home to the master wing with a spa-style ensuite with a larger-than-life tub and a never-ending walk-in closet. To the East, the wing is two spacious ensuites that both enjoy jacuzzi tubs and plenty of storage. The outdoor area is where the magic continues with a 19 x 29 feet pool complete with a covered patio for barbecue and entertaining. Across the pool, by the pool house, you will find a 1500 sq ft two bedroom one bathroom apartment with a detached 1000sq ft mult
